Color Me Active

Did you know that May is National Physical Fitness and Sports Month? Regular physical activity is important because it keeps your body working the way it should. Most health professionals suggest that kids and teens get at least one hour of physical activity each day. Get started by doing something you enjoy such as playing sports, skateboarding, dancing, jumping rope, and running. If you enjoy something, you are more likely to stick with it. Start small. Changes such as taking the stairs instead of the elevator can even make a difference.

We made it! Our **Culinary Explorations** journey along Route 66 ends in **Santa Monica, California**. Did you know Santa Monica experiences more than 300 days of sunshine every year? We will relax and reminisce about our trip as we savor a breezy and delicious lunch featuring lemony chicken pasta and spinach craisin salad. We hope you enjoyed our cross-country tour.
